

BED TRANSPORTER

MODEL #: HCTP

SPECS

- Utilizes pre-existing attachments to create a stable, rolling frame
- Helps hospital staff and caretakers easily transport both the bed frames and mattresses.
- Ideal for rental companies and hospital staff to transport the bed from one location to the next. Takes the heavy lifting out of furniture transportation.
- The familiar hooks and clever use of the frames casters make transporting the Medacure homecare beds easy and convenient, with little to no strain.
- Lightweight and portable for ease of use
- For use with Medacure HCFE36 & HCSE36 series beds
